

JETS Workforce

JETS Workforce is a training programme for nurses and other healthcare professionals (aside from doctors/surgeons) who work in an endoscopy service. JETS Workforce has been developed by JAG, and they also deliver the training. JAG are the accreditation body for endoscopy units. This training programme is designed to provide a standardised framework for training for the endoscopy workforce. There are 3 ENDO courses available in the JETS Workforce training programme.

What courses are available?

How do I register – Two step registration process

All services in Ireland that have a JAG subscription will now have access to the JETS Workforce website.

Any member of staff wishing to complete the programme will need to set up an account on the JETS Workforce website

E-learning modules for the ENDO courses are accessed via eIntegrity. The cost of accessing the modules is Stg£20.

You will get 12 months access to the modules

You must be registered on the JETS Workforce website and eIntegrity to access all of these resources.

What is involved and how much does it cost?

Modules

There are a range of e-learning modules for each level of the programme. You cannot attend a training course without first completing the required eLearning modules.

Courses

Courses can be booked online on the JETS Workforce website. The ENDO1 course is online and costs £30. The ENDO3 course is in person in the UK and costs £150. The ENDO 2 course is only available in hospitals / training academies with active faculty, the JETS Workforce team does not run these courses. Dates for courses are available on the JETS Workforce website.

Competency framework

The competency e-portfolio is accessed on the JETS Workforce website. Each level of the programme has a competency framework which staff are required to evidence with either a DOPS form, a witness statement, or a reflective account. The cost of accessing the competency framework is included in your unit's annual subscription to JAG. You need to be assigned a supervisor and assessor for signing off competencies. This can be the same person. Please contact your line manager who may assign these roles.

Additional information

JAG website demonstrations

JAG regularly host JETS Workforce website demonstrations for users to learn how to navigate the website. Please visit the JAG website where you can book onto any upcoming dates for this session.

Guidance Documents

There are guidance documents with additional information for staff members, unit managers and supervisor/assessor roles when you log into JETS Workforce website. Select the support tab on your login page to access these. We recommend you read the user guide relevant to your role **BEFORE** you start.

This platform is only available to services that are registered with JAG.

Please contact Lucy Byrne (lucy.byrne@hse.ie) Nurse Lead, HSE Endoscopy Programme if you require further information.

The HSE Programme supports hospitals to participate in the JAG accreditation process and the programme has developed this poster to promote this education offering by JAG.
